

## CHARLEROI CITIZENS ENTHUSIASTICALLY LINE UP FOR JOHN K. TENER AT MEETING LAST NIGHT

### POLITICS IGNORED IN ARRANGING TO GIVE ROUSING HOME RECEPTION

**Manufacturers, Bankers, Doctors, Lawyers, Business and Working Men Unite to Make Demonstration Sept. 3 a Huge Success**

Composed of Republicans, Democrats, Prohibitionists and Socialists, a representative crowd of citizens assembled at the Bank of Charleroi Hall last evening where arrangements were outlined and discussed for the big demonstration to be held here Saturday evening, when the Republican State committee opens the campaign for John K. Tener, candidate for Governor and the other State candidates. While the gathering numbered perhaps less than 200, it was composed of representative business and professional men, working men and citizens generally, all of whom tendered expressions of good will and a willingness to help make the demonstration a success in order to honor an esteemed and respected fellow townsman.

S. C. Todd, chairman of the local executive committee of the Republican campaign club, opened the meeting by telling of the work of the committee in visiting the adjoining towns and communities in order to interest them in arranging for an organized parade. He said the results of the pilgrimages have borne fruit, and now, Mr. Todd said, it was up to Charleroi to decide what the people here will do to maintain the honor and prestige of the town in making a showing in the parade with the outside divisions. He called for expressions from those present, and the result showed a splendid spirit of enthusiasm on the part of all.

All the big manufacturing and industries of the town were officially represented. Supt. J. K. Johnston of the Charleroi Coal Works, H. J. Booth of the Imperial Glass company, W. A. Miksch of the Macbeth Evans Glass company, H. C. Hays of the Hussey-Binns Shovel company, and Hart Chandler of the Pittsburgh Plate Glass company, were all called upon and all expressed themselves in accord with the movement and volunteered to do all within their power to make the demonstration a success.

Burgess George W. Risbeck said that while a Democrat would officially turn over the town to the committees and was willing to serve in any capacity and would lend his personal services to help the movement along.

### Socialists Will Observe Labor Day at Eldora Park

**Organization of Three Counties Unite in Big Demonstration Monday--Speakers of National Repute Are Engaged**

Under the auspices of the Socialist party of Washington, Fayette and Westmoreland counties, a big Labor Day demonstration will be held at Eldora Park on Monday, September 5. A general invitation has been extended to labor organizations and those who have a holiday on Monday to attend, and the indications are that a big crowd will be in attendance.

In addition to an outing and picnic there will be a number of addresses by speakers of recognized ability and national reputation. Among these are Rev. Edward Ellis Carr, of Chicago, editor of the Christian

Socialist, who will speak at 2 o'clock in the afternoon, and Carlo Tresca, an editor and lecturer eminent in Socialist circles, who will speak in Italian at 4 o'clock. Other speakers are also expected.

A special program of contests and sports with good music has also been arranged. Dancing in the afternoon and evening will also be a feature, and a handsome prize will be given to the most accomplished lady and gentleman dancer during the day. An invitation is also extended to the general public to attend this demonstration, and the committee in charge promises that something interesting will be doing all day.

### NO ORDERS FACTORY SUSPENDS

**Window Glass Company at Belle Vernon Idle For Six Weeks**

### TRADE IS DEMORALIZED

Factory No. 4 of the American Window Glass Co. at Belle Vernon closed down last night for a period of at least six weeks. Hot repairs on the one tank in blast has just been completed and the order to suspend came as a big surprise to the men. Dearth of orders and poor business conditions generally are given as the reason. The majority of the American's plants will be closed for the present, only a few tanks being operated.

Whether or not the Belle Vernon factory will start up with two tanks later on or only one seems to depend on the action of council there. The company has asked for the vacation of a part of Fourth street on which to build an additional flattening oven. Action has been postponed from time to time and no definite answer given as to what would be done. The company claims that this is the only available place for the oven, and without it only one tank could be operated.

It is possible that had this street been vacated the local factory would not have been closed down, as it is now one of the best producing plants the company has. The first of the week contracts will be made with all of the old men guaranteeing them work when the factory resumes, as it is intended to give all employment.

### TENER TO COME BACK

John K. Tener, Republican nominee for governor, will endeavor to show that he can "come back" as a ball player on Labor day, Sept. 5, when he will captain a picked team at the American Republican club corn roast and outing at Keystone park, on the Pittsburgh and Western railroad, and make an effort to pitch his side to victory. Dr. Mark Baldwin, the Pittsburgh physician, who like Tener was once a National league star, will have charge of the other nine.

Mrs. Ulysses J. Soupy and little son, Raymond, from Aylesbury, Canada are here for a few months visit with her parents, Mr. and Mrs. Emile Manandise of Crest avenue.

**Thankful for Aid**  
I wish to thank the Charleroi Fire Department in behalf of the citizens of Stockdale for their prompt answer to the summons for help in the fire of August 24 at Stockdale.

Fred G. Park Burgess.

## P.H.C. ORATOR PAYS TRIBUTE TO CONGRESSMAN J. K. TENER

### KINNEY JURY NOT GREATLY DIVIDED

**Only One Man Said to Have Favored First Degree Verdict**

It is stated that the jury which declared Thomas Kinney insane and not guilty of the murder of William Adams in Charleroi December 2, was on the first ballot nine to three for acquittal. Until the last ballot, which was taken just before the jury came into court, one man stood for a verdict of first degree murder. One of the jurors was taken sick and the services of a physician called while the body was considering a verdict. Kinney's case resembles that of Harry Thaw. He will be committed to some insane asylum and remain the balance of his life unless declared sane by a commission later on.

### DOUGLASS COLLEGE RE-OPENS

Day School, Tuesday, Sept. 6  
Night School, Monday Sept. 12.  
Pursuing the uniform policy of the Douglass Business Colleges—to introduce new books and new systems whenever such are demanded—a change has been made this year in the system of bookkeeping in this progressive college.

The Bliss System of actual business from the start which has attracted such wide attention throughout this country, has been adopted for exclusive use in this college.

One of the most striking features in connection with the system is that every transaction is a real transaction. It is performed in a business likeway, with one of the business offices in the college. There are seven offices in all, including the bank, each office having a separate set of books, which are modern in every particular.

The system is one of progression and promotion. In the beginning, the student starts with easy exercises, and after these are completed, he works out six sets, as follows:

- Set 1, Preliminary,
- Set 2, Retail Grocery Business,
- Set 3, Wholesale Furniture Business,
- Set 4, Wholesale Hardware Business,
- Set 5, Commission, Shipment and Consignment,
- Set 6, Wholesale Lumber Business.

When he has completed these in a satisfactory manner, he is then promoted to the Office Practice Department. Here he has charge of a set of books. He remains in this office for a stated period, and then is promoted to the next higher office, and so continued his series of promotions through the seven offices, until he completes his work as cashier of the bank.

No mere description can give one an adequate idea of this great system. It should be seen to be appreciated.

In the Shorthand department we will continue to use the famous Gregg system, which won the International Speed Championship, in Washington, D. C., March 26, 1910.

There has been an improvement in Typewriting Manuals, and in Typewriting instruction. We will use the improved text book, just from the press.

The general public is most cordially invited to visit the College any day, either before school opens or after. Our new catalogue will be sent to any one who is interested enough to write for it.

Douglass Business College,  
Charleroi, Pa.

### High Official of Order Varies Program at Celebration

### OTHER OFFICIALS PRESENT

**Local Circle Observes Its Institution and Anniversary of Order**

Charleroi Circle, No. 303, P. H. C., last night celebrated the 24th anniversary of the founding of the order, which was also the anniversary of the institution of the local circle. The hall was decorated for the occasion, a feature being an electrical display in red, white and blue, of the emblem of the order, representing an eagle feeding its young. The mechanical effects, which were exceptionally fine, also displayed a welcome to the visitors.

One of the features of the evening, although not on the program, but which was nevertheless highly appreciated by those in attendance, was a handsome tribute to Congressman John K. Tener by J. M. Evans, of Sharon, supreme orator of the order, and chief speaker of the evening. His address was on the topic, "Principle of the Order at Large."

He digressed sufficiently to say that while he was not out on a political mission, he felt constrained to say a good word for the townsman of his Charleroi brethren, whom he had known both in a fraternal and political way. He paid Mr. Tener a handsome compliment, at which the audience went wild, women joining with the men in the cheering.

Other supreme officers present were Ray Goodell, district deputy, of Cleveland, O., and W. R. Stark, district deputy of Uniontown, who has charge of the local district, who made short addresses. A short literary and musical program was rendered by local talent and Miss Callahan of Uniontown and Geo. Prueh of Greensburg gave selections.

A big crowd was in attendance, delegations being present from Uniontown, Donora and West Newton, the latter driving overland. A class of 14 new members were added, the work of the team being very good, and the ladies were complimented by the visitors for their fine work. Supreme Orator Evans complimented the local circle on having a membership of 321, and was assured that a vigorous campaign will be instituted to increase this number to 400 by the first of the year.

Mrs. I. N. Kibler and daughters, Maude and Velma are visiting in Uniontown this week.

Jesse Richey has resigned his position as driver for S. T. Frank's grocery delivery.

**Weights and Measures**  
Clement C. Driscoll, commissioner of weights and measures for the city of New York, who has been carrying on a militant campaign to end the short weight system in that city, recently made an address before the International Steward's association in Pittsburgh, in which he urged vigorous action in one of the gravest economic abuses inflicted upon the public. This is the short weight measure, scale, package and bottle by which the purchasing public is everywhere gouged and cheated. There are scales guaranteed to pay for themselves in three months; pound prints of butter and a couple of ounces short; two pound packages of oatmeal, that weigh twenty-eight ounces. Last but not perhaps least, the pint and half pint, more often than otherwise whisky flask is minus a one and two-finger dram respectively.

Mr. Driscoll, who was the proper authority in his own city to compel dealers to be honest, advocates National and State laws on the subject. The Government is trying to protect the quality of the food the people consume; it should now confine its attention to quality. The purchasing public is entitled to this protection, which is given in every European country. A Chicago Congressman has drafted a bill providing for the regulation of weights and measures, and Mr. Driscoll urges all consumers to watch the bill and to insist upon his local Congressmen giving it support.

**Up to the Readers**  
In an article on this subject in the Youth's Companion, President Hadley of Yale, says in more forceful language what has been said in these columns again and again. After showing from historical argument that we are governed by public opinion and that newspapers are the greatest molders of public opinion, he says:

"If we want responsible government we must have responsible newspapers. If we are to have responsible newspapers, the reform must begin with the readers themselves. Most of the men who edit newspapers will give the people the kind of newspapers they want. The average editor will work for the average reader. He cannot be any more independent of the man who buys his goods than the manufacturer or merchant can be. A manufacturer who refuses to produce what the people want because he thinks they ought to want something better will be driven out of business, and so will a newspaper editor."

"This is sound doctrine in every word. The circulation of the best newspaper in any city compared with the circulation of the worst represents the number of people in that community who support honesty and respectability as compared with those who do not. The paper which is trying to be clean and independent deserves the support of all the people who admire independence. No good citizen should encourage a yellow sheet by so much as the expenditure of one penny."

### ELECTRIC SPARKS

There's one thing about an automobile that will run on when everything else refuses to work and that's the unaided portion of the bill.

The man who never had his shirt sleeves torn into four knots when a boy was swimming, never had the proper training to face the hard problems of life.

One trouble with a rain check at a ball game is that it doesn't check the rain.

If this spread mania they talk so much about could be applied to the factory and work shop no one would have any kick coming.

A woman's club is all right when it isn't the rolling pin.

### AMONG THE THEATERS

**The Palace—Charleroi**  
"Dora Thorne," Bertha M. Clay's popular novel which has probably supplied more romance and sentiment for young people than any other story ever written, was produced in moving pictures at the Palace Theatre this week. It was a pretty drama and the main features of the delightful romance were most strikingly portrayed. Dora Thorne, the pretty daughter of the gardener of the dual estate, attracts the attention of the Earl's son who falls in love with her and breaks off with his fiancée to wed the pretty Dora in secret. Dora is promised by her father to the old squire, but she rejects her aged suitor for her younger lover. The old squire tries to murder the Earl's son, which brings in the usual tragic element. When the secret marriage is announced the Earl disinherits his son, but later when sick and dying forgives and takes them both back into his graces. With three songs and a change of pictures nightly the Palace is showing to crowded houses at each performance.

**The Grand—Pittsburg.**  
A new record in Pittsburg amusements was established when the Grand closed last Saturday evening after more than 100 consecutive weeks. In deed, few theatres in America can boast of such a record. Only the desire upon the part of Manager Harry Davis to refurbish the house prompted the closing for the two weeks, which will end on Labor day, Monday afternoon, Sept. 5, when the vaudeville season begins.

Last midnight the theatre was turned over to a corps of artists sign painters, decorators and artisans, who in a fortnight, will make the Grand look like an entirely new playhouse. Every stick of scenery, all the drop curtains including the proscenium curtain, all the draperies for private boxes and stage settings will be new. Gates and Morange of New York, America's most gifted scenic artists, have been given the contract for the scenery.

The star of the initial week will be Mr. William Farnum creator of the title role in General Lew Wallace's remarkable religious drama of "Ben Hur," supported by Miss Olive White, Mr. Walls Knibloe and several others. Mr. Farnum will present "The Mallet's Masterpiece" a drama in one act from the pen of Edward Pebles, author of "The Prince Chap," "The Spit Fire," etc., on the Island of Melo in the Aegean Sea of the period of 200 B. C., and present Mr. Farnum in the romantic role of the sculptor "Phileas" the imaginary maker of the celebrated statue known as the Venus de Milo.

Wenona Winter, late star feature of "The Dairy Maids," "The Little Cherub" and various other musical productions is to be another opening week attraction.

Paul Barnes, a monologit with a happy line of patter and some satirical parodies, will contribute a quarter hour of effervescent fun.

Goleman's dogs and cats, the most interesting and unusual animal act of the day, is among the other numbers thus far engaged.

For the accommodation of vaudeville patrons, Manager Davis announces that applications for season seat reservations may be filed at any time during the intervening two weeks and after the opening of the season on Labor Day.

### The Hippodrome—Pittsburg

The closing week of the season at Pittsburg Hippodrome, beginning Monday, August 29 and concluding Saturday night, Sept. 3 will witness the presentation of a show of prodigious proportions. Manager Harry Davis and John P. Harris are planning to rival their own best efforts in behalf of the Hippodrome.

The two stages and the big ring will be in operation simultaneously and each will present features never before seen in this city. It is the aim of the management to close their season in the proverbial blaze of glory and it is believed that the public will take advantage of this final opportunity to see and to enjoy the great outdoor theatre in greater numbers than have ever attended before. Music and dancing will be given by the exemplars of the kindred arts, animal actors will vie with human actors and considered from whatever angle, farewell week is bound to be an occasion which Pittsburg pleasure-seekers will long remember. Sid Baxter with

his wonderful aerial bicycle act is to be featured.

The advance sale of seat reservations for the coming week will start tomorrow at the branch ticket offices in May's Drug stores, Fifth avenue near Wood street, Penn near Highland and at the Atwood Pharmacy, Atwood and Forbes street.

### The Alvin—Pittsburg.

The Alvin Theatre will open on Saturday evening, August 27, with William A. Brady's and George Broadhurst's great musical farce, "The Girl and the Drummer." The production will remain all next week with Wednesday and Saturday matinees. Manager Harry Davis made a theatrical ten strike when he won the consent of Messrs. Brady and Broadhurst to permit this production to appear in Pittsburg because it was headed westward for an all season's run in Chicago at the Princess Theatre.

"The Girl and the Drummer" is said to be a screaming farce set to delightful dreamy music. There are 17 musical numbers in the piece of which several will be whistled on the streets after the opening performance.

Herbert Corthell, who was one of the causes of the success of "Seven Days" where he played the fat husband, will have the leading role in "The Girl and the Drummer." He has no superior as a producer of laughs and what is more is always striving for new effects. Vera Michelina the eminent prima donna with the very pleasing voice, has the leading female role and she is better than ever in "Madame Sherry" and "The Silver Star," which are two of her great successes. In addition there is Phil W. Ryley, the grotesque dancer Belle Gold, the funny little woman, Hans Roberts the great juvenile man and chorus of 50 beautiful women. The latest effects in costumes will be shown.

### TERRIBLE SORES

No Matter How Chronic W. F. Hennings Guarantees San Cura Ointment to Give Instant Relief and Permanent Cure

"My daughter was troubled for over a year with a fever sore on her leg, and was helpless in bed for three months. To the great surprise of all, including the four doctors who had attended her, San Cura Ointment healed the great sore in less than six weeks."—J. D. Hood, Townville, Pa.

The case of Miss Hood is only one in a thousand. No remedy ever compounded has ever produced the marvelous cures that can be attributed to San Cura Ointment.

Karl C. Banks, of the Atlantic Refining Co., of Pittsburg, had a sore on his ankle for a year. He doctored, and tried various remedies, without relief. He says: "San Cura Ointment worked like a charm, reduced the swelling, and healed the sore in two weeks." If any reader of the Mail knows of anyone suffering from terrible sores, it is his duty to tell them of the wonderful soothing, healing, and antiseptic virtues of San Cura Ointment. It draws the poison from the sore no matter how deep seated.

But bear in mind, dear reader, that besides sores, San Cura Ointment is guaranteed to cure eczema, boils, carbuncles, suit rheum tetter, also itching, bleeding and protruding piles. In cases of burns, scalds, cuts and bruises nothing kills the pain and removes all germs and draws out the foreign matter like San Cura. The price is only 25 cents and 50 cents a jar, and W. F. Hennings guarantees it.

## THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill. — "I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—MRS. ALYSSA SPERLING, 1468 Clybourne Ave., Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the machine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively cured the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

## CHARLEROI CITIZENS ENTHUSIASTICALLY LINE UP FOR JOHN K. TENER AT MEETING LAST NIGHT

## P. H. C. ORATOR PAYS TRIBUTE TO CONGRESSMAN J. K. TENER

### POLITICS IGNORED IN ARRANGING TO GIVE ROUSING HOME RECEPTION

Manufacturers, Bankers, Doctors, Lawyers, Business and Working Men Unite to Make Demonstration Sept. 3 a Huge Success

Composed of Republicans, Democrats, Prohibitionists and Socialists, a representative crowd of citizens assembled at the Bank of Charleroi last evening where arrangements were outlined and discussed for the big demonstration to be held here Saturday evening, when the Republican State committee opens the campaign for John K. Tener, candidate for Governor and the other State candidates. While the gathering numbered perhaps less than 200, it was composed of representative business and professional men, working men and citizens generally, all of whom tendered expressions of good will and a willingness to help make the demonstration a success in order to honor an esteemed and respected fellow townsman.

S. C. Todd, chairman of the local executive committee of the Republican campaign club, opened the meeting by telling of the work of the committee in visiting the adjoining towns and communities in order to interest them in arranging for an organized parade. He said the results of the pilgrimages have borne fruit, and now, Mr. Todd said, it was up to Charleroi to decide what the people here will do to maintain the honor and prestige of the town in making a showing in the parade with the outside divisions. He called for expressions from those present, and the result showed a splendid spirit of enthusiasm on the part of all.

All the big manufacturers and industries of the town were officially represented. Supt. J. K. Johnston of the Charleroi Coal Works, H. J. Booth of the Imperial Glass company, W. A. Miksch of the MacBeth Evans Glass company, H. C. Hays of the Hussey-Binna Shovel company, and Hart Chandler of the Pittsburgh Plate Glass company, were all called upon and all expressed themselves in accord with the movement and volunteered to do all within their power to make the demonstration a success. Burgess George W. Risbeck said that while a Democrat would officially turn over the town to the committee and was willing to serve in any capacity and would lend his personal services to help the movement along.

Wm. Feeney one of the Republican candidates for Assembly said they could depend upon him to do his part, and James Oates Frank Riva Frank Fagula Thomas, L. Daly and Addison Ebbets also responded with equal assurances. Thus, Jenkins of North Charleroi suggested that the firemen of his town turn out in uniform and Chief J. M. Fleming of the local department said he would now that he could get his companies out in uniforms.

K. W. Daly chairman of the reception committee outlined his plans which is to have 100 active assistants and said those who received letters of appointment would be apprised of their duties. R. L. Barnhart, chairman of the red fire and decorations, stated that he was preparing an electrical set piece, and that a Pittsburgh firm had generously donated the fixtures which it learned that the demonstration was in honor of John K. Tener.

J. H. Bowers, president of the Business Men's Association, made some remarks along the line of handling the crowd, and W. C. Clark said that in visiting a town in another county recently he encountered an opponent of Mr. Tener, and he naturally understood to convince the opponent of the error of his ways. "I don't know what Tener has got over you fellows, the man said 'as every Charleroi man I run against is red hot for Tener. I think he must have every man of you in that community baffled.'"

A. P. Stewart and R. H. Rush told of their work as committeemen to confer with the Pittsburgh Americans and Young Men's Tariff Clubs, and were satisfied of substantial results. W. W. Jameson told of the transportation facilities he had secured, and other remarks were made by Fred Clerihus, Claude Truxal, Hugh Ferguson, Esq., Capt. J. K. Hein, and others. Chairman Todd thanked the audience for the splendid spirit shown and said he was satisfied that the demonstration would be a big success and after urging all to continue their efforts the meeting adjourned.

### Socialists Will Observe Labor Day at Eldora Park

Organization of Three Counties Unite in Big Demonstration Monday--Speakers of National Repute Are Engaged

Under the auspices of the Socialist party of Washington, Fayette and Westmoreland counties, a big Labor Day demonstration will be held at Eldora Park on Monday, September 5. A general invitation has been extended to labor organizations and those who have a holiday on Monday to attend, and the indications are that a big crowd will be in attendance.

In addition to an outing and picnic there will be a number of addresses by speakers of recognized ability and national reputation. Among these are Rev. Edward Ellis Carr, of Chicago, editor of the Christian Socialist, who will speak at 2 o'clock in the afternoon, and Carlo Rusca, an editor and lecturer eminent in Socialist circles, who will speak in Italian at 4 o'clock. Other speakers are also expected.

A special program of contests and sports with good music has also been arranged. Dancing in the afternoon and evening will also be a feature, and a handsome prize will be given to the most accomplished lady and gentleman dancer during the day. An invitation is also extended to the general public to attend this demonstration, and the committee in charge promises that something interesting will be doing all day.

Window Glass Company at Belle Vernon Idle For Six Weeks

### TRADE IS DEMORALIZED

Factory No. 4 of the American Window Glass Co. at Belle Vernon closed down last night for a period of at least six weeks. Hot repairs on the one tank in blast has just been completed and the order to suspend game as a big surprise to the men. Scarcity of orders and poor business conditions generally are given as the reason. The majority of the American's plants will be closed for a present, only a few tanks being operated.

Whether or not the Belle Vernon factory will start up with two tanks later on or only one seems to depend on the action of council there. The company has asked for the vacation of a part of Fourth street on which to build an additional flattening oven. Action has been postponed from time to time and no definite answer given as to what would be done. The company claims that this is the only available place for the oven, and without it only one tank could be operated.

It is possible that had this street been vacated the local factory would not have been closed down, as it is now one of the best producing plants the company has. The first of the week contracts will be made with all of the old men guaranteeing them work when the factory resumes, as it is intended to give all employment.

### TENER TO COME BACK

John K. Tener, Republican nominee for governor, will endeavor to show that he can "come back" as a ball player on Labor day, Sept. 5, when he will captain a picked team at the American Republican club corn roast and outing at Keystone park, on the Pittsburgh and Western railroad, and make an effort to pitch his side to victory. Dr. Mark Baldwin, the Pittsburgh physician, who like Tener was once a National league star, will have charge of the other nine.

Mrs. Ulysses J. Soupy and little son, Raymond, from Aylesbury, Canada are here for a few months visit with her parents, Mr. and Mrs. Emile Menardise of Crest avenue.

### KINNEY JURY NOT GREATLY DIVIDED

Only One Man Said to Have Favored First Degree Verdict

It is stated that the jury which declared Thomas Kinney insane and not guilty of the murder of William Adams in Charleroi December 2, was on the first ballot nine to three for acquittal. Until the last ballot, which was taken just before the jury came into court, one man stood for a verdict of first degree murder. One of the jurors was taken sick and the services of a physician called while the body was considering a verdict.

Kinney's case resembles that of Harry Thaw. He will be committed to some insane asylum and remain the balance of his life unless declared sane by a commission later on.

### DOUGLASS COLLEGE RE-OPENS

Day School, Tuesday, Sept. 6  
Night School, Monday Sept. 12.

Pursuing the uniform policy of the Douglass Business College—to introduce new books and new systems whenever such are demanded—a change has been made this year in the system of bookkeeping in this progressive college.

The Bliss System of actual business from the start which has attracted such wide attention throughout this country, has been adopted for exclusive use in this college.

One of the most striking features in connection with the system is that every transaction is a real transaction. It is performed in a business like way, with one of the business offices in the college. There are seven offices in all, including the bank, each office having a separate set of books, which are modern in every particular.

The system is one of progression and promotion. In the beginning, the student starts with easy exercises, and after these are completed, he works out six sets, as follows:

Set 1, Preliminary,  
Set 2, Retail Grocery Business,  
Set 3, Wholesale Furniture Business,  
Set 4, Wholesale Hardware Business,  
Set 5, Commission, Shipment and Consignment,  
Set 6, Wholesale Lumber Business.  
When he has completed these in a satisfactory manner, he is then promoted to the Office Practice Department. Here he has charge of a set of books. He remains in this office for a stated period, and then is promoted to the next higher office, and so continued his series of promotions through the seven offices, until he completes his work as cashier of the bank.

No mere description can give one an adequate idea of this great system. It should be seen to be appreciated.

In the Shorthand department, we will continue to use the famous Gregg system, which won the International Speed Championship, in Washington, D. C., March 26, 1910.

There has been an improvement in Typewriting Manuals, and in Typewriting instruction. We will use the improved text book, just from the press.

The general public is most cordially invited to visit the College any day, either before school opens or after. Our new catalogue will be sent to any one who is interested enough to write for it.

### High Official of Order Varies Program at Celebration

OTHER OFFICIALS PRESENT

Local Circle Observes Its Institution and Anniversary of Order

Charleroi Circle, No. 308, P. H. C., last night celebrated the 24th anniversary of the founding of the order, which was also the anniversary of the institution of the local circle. The hall was decorated for the occasion, a feature being an electrical display in red, white and blue, of the emblem of the order, representing an eagle feeding its young. The mechanical effects, which were exceptionally fine, also displayed a welcome to the visitors.

One of the features of the evening, although not on the program, but which was nevertheless highly appreciated by those in attendance, was a handsome tribute to Congressman John K. Tener by J. M. Evans, of Sharon, supreme orator of the order, and chief speaker of the evening. His address was on the topic, "Principle of the Order at Large."

and he digressed sufficiently to say that while he was not out on a political mission, he felt constrained to say a good word for the townsman of Charleroi brethren, whom he had known both in a fraternal and political way. He paid Mr. Tener a handsome compliment, at which the audience went wild, women joining with the men in the cheering.

Other supreme officers present were Ray Goodell, district deputy, of Cleveland, O., and W. R. Stark, district deputy of Uniontown, who has charge of the local district, who made short addresses. A short literary and musical program was rendered by local talent and Miss Callahan of Uniontown and Geo. Prueh of Greensburg gave selections.

A big crowd was in attendance, delegations being present from Uniontown, Donora and West Newton; the latter driving overland. A class of 14 new members were added, the work of the team being very good, and the ladies were complimented by the visitors for their fine work. Supreme Orator Evans complimented the local circle on having a membership of 321, and was assured that a vigorous campaign will be instituted to increase this number to 400 by the first of the year.

Mrs. I. N. Kibler and daughters, Maude and Velma are visiting in Uniontown this week.

## Weights and Measures

Clement C. Driscoll, commissioner of weights and measures for the city of New York, who has been carrying on a militant campaign to end the short weight system in that city, recently made an address before the International Steward's association in Pittsburgh, in which he urged vigorous action in one of the gravest economic abuses inflicted upon the public. This is the short weight measure, scale, package and bottle by which the purchasing public is everywhere deceived and cheated. There are scales guaranteed to pay for themselves in three months; pound prints of butter and a couple of ounces short; two pound packages of oatmeal, that weigh twenty-eight ounces. Last but not perhaps least, the pint and half pint, more often than otherwise whisky flask is minus a one and two-finger dram respectively.

Mr. Driscoll, who was the proper authority in his own city to compel dealers to be honest, advocates National and State laws on the subject.

The Government is trying to protect the quality of the food the people consume; it should now confine its attention to quality. The purchasing public is entitled to this protection, which is given in every European country. A Chicago Congressman has drafted a bill providing for the regulation of weights and measures, and Mr. Driscoll urges all consumers to watch the bill and to insist upon his local Congressman giving it support.

## Up to the Readers

In an article on this subject in the Youth's Companion, President Hadley of Yale, says in more forceful language what has been said in these columns again and again. After showing from historical argument that we are governed by public opinion and that newspapers are the greatest molders of public opinion, he says:

"If we want responsible government we must have responsible newspapers. If we are to have responsible newspapers, the reform must begin with the readers themselves. Most of the men who edit newspapers will give the people the kind of newspapers they want. The average editor will work for the average reader. He cannot be any more independent of the man who buys his goods than the manufacturer or merchant can be. A manufacturer who refuses to produce what the people want because he thinks they ought to want something better will be driven out of business, and so will a newspaper editor."

"This is sound doctrine in every word. The circulation of the best newspaper in any city compared with the circulation of the worst represents the number of people in that community who support honesty and respectability as compared with those who do not. The paper which is trying to be clean and independent deserves the support of all the people who admire independence. No good citizen should encourage a yellow sheet by so much as the expenditure of one penny."

## AMONG THE THEATERS

### The Palace—Charleroi

"Dora Thorne," Bertha M. Clay's popular novel which has probably supplied more romance and sentiment for young people than any other story ever written, was produced in moving pictures at the Palace Theatre this week. It was a pretty drama and the main features of the delightful romance were most strikingly portrayed. Dora Thorne, the pretty daughter of the gardener of the ducal estate, attracts the attention of the Earl's son who falls in love with her and breaks off with his fiancée to wed the pretty Dora in secret. Dora is promised by her father to the old squire, but she rejects her aged suitor for her younger lover. The old squire tries to murder the Earl's son, which brings in the usual tragic element. When the secret marriage is announced the Earl disinherits his son, but later when sick and dying forgives and takes them both back into his graces. With three songs and a change of pictures nightly the Palace is showing to crowded houses at each performance.

### The Grand—Pittsburg

A new record in Pittsburg amusements was established when the Grand closed last Saturday evening after more than 100 consecutive weeks. In deed, few theatres in America can boast of such a record. Only the desire upon the part of Manager Harry Davis to refurbish the house prompted the closing for the two weeks, which will end on Labor day, Monday afternoon, Sept. 5, when the vaudeville season begins.

Last midnight the theatre was turned over to a corps of artists sign painters, decorators and artisans, who in a fortnight, will make the Grand look like an entirely new playhouse. Every stick of scenery, all the drop curtains including the proscenium curtain, all the draperies for private boxes and stage settings will be new. Gates and Morange of New York, America's most gifted scenic artists, have been given the contract for the scenery.

The star of the initial week will be Mr. William Farnum creator of the title role in General Lew Wallace's remarkable religious drama of "Ben Hur," supported by Miss Oliva White, Mr. Wells Knibloe and several others. Mr. Barnum will present "The Mallet's Masterpiece," a drama in one act from the pen of Edward Pebles, author of "The Prince Chap," "The Spit Fire," etc., on the Island of Melo in the Aegean Sea of the period of 200 B. C., and present Mr. Farnum in the romantic role of the sculptor "Phileas," the imaginary maker of the celebrated statue known as the Venus de Milo.

Wenona Winter, late star feature of "The Dairy Maids," "The Little Cherub" and various other musical productions is to be another opening week attraction.

Paul Barnes, a monologs with a happy line of patter and some satirical parodies, will contribute a quarter hour of effervescent fun.

Goleman's dogs and cats, the most interesting and unusual animal act of the day, is among the other numbers thus far engaged.

For the accommodation of vaudeville patrons, Manager Davis announces that applications for season seat reservations may be filed at any time during the intervening two weeks and after the opening of the season on Labor Day.

### The Hippodrome—Pittsburg

The closing week of the season at Pittsburg Hippodrome, beginning Monday, August 29 and concluding Saturday night, Sept. 3 will witness the presentation of a show of prodigious proportions. Manager Harry Davis and John P. Harris are planning to rival their own best efforts in behalf of the Hippodrome.

The two stages and the big ring will be in operation simultaneously and each will present features never before seen in this city. It is the aim of the management to close their season in the proverbial blaze of glory and it is believed that the public will take advantage of this final opportunity to see and to enjoy the great outdoor theatre in greater numbers than have ever attended before. Music and dancing will be given by the exemplars of the kindred arts, animal acts will vie with human actors, and considered from whatever angle, farewell week is bound to be an occasion which Pittsburg pleasure-seekers will long remember. Sid Baxter with

his wonderful aerial bicycle act is to be featured.

The advance sale of seat reservations for the coming week will start tomorrow at the branch ticket offices in May's Drug stores, Fifth avenue near Wood street, Penn near Highland and at the Atwood Pharmacy, Atwood and Forbes street.

### The Alvin—Pittsburg

The Alvin Theatre will open on Saturday evening, August 27, with William A. Brady's and George Broadhurst's great musical farce, "The Girl and the Drummer." The production will remain all next week with Wednesday and Saturday matinees. Manager Harry Davis made a theatrical ten strike when he won the consent of Messrs. Brady and Broadhurst to permit this production to appear in Pittsburg because it was headed westward for an all season's run in Chicago at the Princess Theatre.

"The Girl and the Drummer" is said to be a screaming farce set to delightful dreamy music. There are 17 musical numbers in the piece of which several will be whistled on the streets after the opening performance.

Herbert Cornhill, who was one of the causes of the success of "Seven Days" where he played the fat husband, will have the leading role in "The Girl and the Drummer." He has no superior as a producer of laughs and what is more is always striving for new effects. Vera Michelina the eminent prima donna with the very pleasing voice, has the leading female role and she is better than ever in "Madame Sherry" and "The Silver Star," which are two of her great successes. In addition there is Phil W. Ryley, the grotesque dancer Battle Gold, the funny little woman, Hans Roberts the great juvenile man and chorus of 50 beautiful women. The latest effects in costumes will be shown.

## TERRIBLE SORES

No Matter How Chronic W. F. Hennings Guarantees San Cura Ointment to Give Instant Relief and Permanent Cure

"My daughter was troubled for over a year with a fever sore on her leg, and was helpless in bed for three months. To the great surprise of all, including the four doctors who had attended her, San Cura Ointment healed the great sore in less than six weeks."—J. D. Hood, Townville, Pa.

The case of Miss Hood is only one in a thousand. No remedy ever compounded has ever produced the marvelous cures that can be attributed to San Cura Ointment.

Karl C. Banks, of the Atlantic Refining Co., of Pittsburg, had a sore on his ankle for a year. He doctored, and tried various remedies, without relief. He says: "San Cura Ointment worked like a charm, reduced the swelling, and healed the sore in two weeks." If any reader of the Mail knows of anyone suffering from terrible sores, it is his duty to tell them of the wonderful soothing, healing, and antiseptic virtues of San Cura Ointment. It draws the poison from the sore no matter how deep seated.

But bear in mind, dear reader, that besides sores, San Cura Ointment is guaranteed to cure eczema, boils, carbuncles, salt rheum, tetter, also itching, bleeding and protruding piles. In cases of burns, scalds, cuts and bruises nothing kills the pain and removes all germs and draws out the foreign matter like San Cura. The price is only 25 cents and 50 cents a jar, and W. F. Hennings guarantees it.

### COMPLEXION SOAP

If you want a lovely complexion with soft, velvety skin, free from pimples and blackheads, use San Cura Soap, the great antiseptic and skin purifier. 25 cents a large cake at W. F. Hennings.

# THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill. — "I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALVENA SPERLING, 1408 Clybourne Ave., Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing rheas and pains by taking Lydia E. Pinkham's Vegetable Compound made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?
